Workshop cabinet

Description

This cabinet is ideal for the protection and storage of various materials. The drawers open silently and easily thanks to ball bearings. Tilting is prevented by the fact that only one drawer can be opened at a time. The drawers can be pulled out up to 98%, making it easy to pick and store various products in the back of the cabinet. With different slots on the sides of the drawers, you can arrange the inlays as you wish. Each drawer has a maximum load capacity of 80 kg, with central locking. These European manufactured cabinets are very robust due to the 1.2 mm welded steelwork with reinforcement points at all 4 corners and the powder coated finish for optimal strength.

Properties:

- Ball bearing guide drawers
- With metal inlays
- With foam underlay for extra grip
- Plastic inlays available
- Welded steel construction
- 1.2 mm steel thickness
- Powder coating
- Central locking

Extra information

Item number	K5080G	
Model	BL 6D 560x570x848 C G	
EAN	8718242571333	
CBS Statistics number	940320809000	
Article group	HUVEMA Workshop Equipment	
Brand	Huvema	
Features	Width	56 cm
