Engineer hammer

Description

Strong, high quality bench hammer with plenty of impact
Features a handle made of original hickory heartwood.

- Headed steel head
- Suitable for use on metal< /li>
- With TÜV GS quality mark

Can be used with various chisels, such as cold chisels and chisels. Also for cutting out wood joints, driving in nails and wire nails, wedge bolts, etc. The flat head with chamfered corners provides strength and prevents damage. This bench hammer is widely used by bench and sheet metal workers.
