

Safety goggles with scratch-resistant lenses

Description

Lightweight safety goggles with optimum shielding for increased eye protection. The ends of the flexible temples and the brow protection on the top are finished with soft components for high wearing comfort. The polycarbonate lenses are scratch-resistant, impact-resistant and UV-resistant, which provides additional safety. The fact that the goggles fit perfectly around the face means that they offer extra protection against splashes and/or flying particles of materials and chemicals..

- Scratch Resistant
- Polycarbonate glasses
- UV resistant
- Lens marking 3-1.2 PL I F CE and in accordance with safety standard PL EN 166 FT CE
