# Bump cap blue

## Description

---

This cotton baseball bump cap has a tough and sporty appearance. As the cap is twice as light as a safety helmet, it is much more comfortable to wear. The cap is equipped with an ABS plastic inner shell for shock absorption and has 4 ventilation openings all around for maximum comfort.

The bump cap protects against head injuries and is more than sufficient when not working with chemicals or when there is no danger of falling objects.

Are you sure that a bump cap is sufficient? Then you don't need to buy a helmet! In that case, give yourself or your employees the comfort of a bump cap!

- CE certified
- Baseball style for a tough and sporty look
- Long visor for maximum protection against impact and light
- Durable high density EVA protects and gives comfort to the wearer
- Inside ABS helmet is soft for shock absorption
- Adjustable thanks to Velcro closure
- Complies with standard: EN 812
