

Anti spatter welding spray

Description

This non-flammable universal anti-spatter spray is used in MIG, MAG and CO2 welding to inject the workpiece to be welded so that no splashes adhere to it. This no-spatter welding spray can also be used to prevent welding spatter from adhering to the contact nozzle and the gas nozzle. Gives excellent performance on all types of surfaces, including zinc.

Inflammable

Protects welding gun, torch and workpiece from contamination.

Ensures easy removal of welding spatter.

Contains no harmful solvents or silicones.

Biodegradable, compatible with painting processes.

Extra information

Item number	1801S0020
Model	WS 1801 S 400ml
EAN	8718242540162
CBS Statistics number	84623999
Article group	TCE Machines, Lubricants & Accessories
Brand	WhaleSpray
Features	V 1 pcs
	Volume 400 ml
Article group code	1387540
