

Construction clamp

Description

Steel construction clamp with extra strong grip.
Especially suitable for use in metalworking and steel construction.
The jaw and the clamping pad have a textured surface for extra grip.
The hexagonal design of the screw end is good for reinforced clamping.
Use a hexagon socket wrench to strengthen for applying force.
The special curve design maximises the efficiency of the throat depth.
Clamping pressure is measured over a span of 150 mm.

Extra information

Item number	21131045	
Model	HU 20H10	
EAN	8718242557375	
CBS Statistics number	84669360	
Article group	K28 - Machines, accessories	
Brand	Huvema	
Features	Tension x Depth	200 x 100 mm
	Rail	19.5 x 9.5 mm
	Weight	1.5 kg
	Clamp force	800 kg
	Tensioning power	7840 N
Article group code	1492132
