

Storage trolley

Description

Big trolley for internal transport of materials. Widely used in garages, factories, transport, distribution, etc. Also convenient for orderpicking, archive departments or removals. The loading platform is finished in such a way that the conveyed goods are protected against any sliding. The frame is made of galvanized steel with a fixed handlebar for easy maneuvering of the vehicle. The trolley is equipped with 2 swivel and 2 fixed castors. A swivel wheel can be locked to prevent unwanted movements.

Properties:

colour RAL 5015

powder coated
