

Desktop stand with 16 CNC tool holders

Description

Tool holder with 16 adjustable plastic holders ISO 30-40-50 and HSK 16-32-40-50-63-80. Thanks to its light weight and compact dimensions, this desktop model is easy to place on a workbench or table near the machine, so tooling is always within easy reach. Thanks to the sturdy construction and thickness of the material, the holder is impact-resistant. Commonly used in all sectors where CNC machines are used for die making, surface treatment, forming and cutting, etc.
