

Workshop cabinet

Description

For protection and storage of small materials. The drawers open silently and easily due to ball bearings. Tipping is prevented because just one drawer can be opened at a time. In the drawer handles you can place labels. The drawers can be pulled out very far so that small parts at the back can be easily taken out. With different slots on the sides of the drawers it is easy to change the interior according to your wishes.

Properties:

7 drawers (1x 75 mm, 6x 100 mm)

with metal separators

plastic separators available

welded steel construction

powder coated

central locking system

For protection and storage of small materials. The drawers open silently and easily due to ball bearings. Tipping is prevented because just one drawer can be opened at a time. These Huvema BLUE-LINE cabinets are ideal for the protection and storage of small materials. The drawers open silently and easily thanks to ball bearings. Tilting is prevented by the fact that only one drawer can be opened at a time. Drawers can be pulled out by up to 98%, making it easy to grab and store small tools at the back of the cabinet. With different slots on the sides of the drawers, you can arrange the inlays as you wish. Each drawer has a maximum load capacity of 80 kg, with central locking.

Features

- with metal inlays
- plastic inlays available
- welded steel construction
- powder coating
- central locking
