# Welder MMA

## Description

---

Compact MMA and TIG inverter welding unit for electrode welding with direct current (DC) and strip ignition. Use of different types of electrodes: rutile, base electrodes, stainless steel, cast iron electrodes, etc.

Equipped with a 'hot start', for optimum start-up without splashing. This welding unit is supplied complete in a plastic storage case with welding accessories for MMA welding.

### Features:

Compact and light

High welding current stability when changing the supply voltage

Arc-force, hot-start, anti-stick devices

Protective devices thermostat, overvoltage, undervoltage, overload, generator (+/- 15%)

Incl. welding accessories for MMA welding and plastic storage case

## Extra information

Item number	T816203	
Model	TECNICA 171/S 230V ACX PLASTIC C.CASE	
EAN	8004897810027	
CBS Statistics number	85153918000	
Article group	Products still to be classified	
Brand	TELWIN	
Features	Weight	6,9 kg
	Adjustment range	10 - 150 A
	Current at 60%	95 A
	Power consumption min. /max.	2,6 / 4,2 kW
	Mains fuse	16 A
	Protection degree	IP23
	Absorbed current	17 / 28 A
	Maximum ampere	140 A
	Maximum open-circuit voltage	75 V
	Efficiency / Power	0,86 / 0,7
	Minimum power generator capacity	6 kW
	MMA electrode diameter	1,6 / 4 mm
Dimensions l x b x h	380 x 480 x 170 mm	
Voltage	230 V	
Article group code	257061
