## Description

---

These Huvema tool trolleys are widely used in garages and workshops for storing and stowing away tools and equipment. These European tool trolleys have a welded steel construction and are powder coated, in addition they have a central locking system with 2 keys. Tilting is prevented by the fact that only one drawer at a time can be opened. The drawers can be pulled out up to 98%, allowing various products to be easily picked up and stored at the back.
