# Hydraulic bottle jack 15 ton

## Description

---

Hydraulic bottle jack 15000kg

This manually operated hydraulic jack has a capacity of up to 15 tonnes and is mainly used for lifting vehicles. The compact jack is easy to operate with the supplied pump handle.

Lifting range min/max 227 / 457 mm

The jack has an overpressure valve to counteract overloading. So you always lift your vehicle safely.

**Advice:** Always put the vehicle on the hand brake before you start working and use the jack in combination with an axle support for your own safety

## Extra information
