

Hydraulic bottle jack 2 ton

Description

Hydraulic bottle jack 2000kg

This manually operated hydraulic jack has a capacity of up to 2 tonnes and is mainly used for lifting vehicles. The compact jack is easy to operate with the supplied pump handle.

Lifting range min/max 168 / 316 mm

The jack has an overpressure valve to counteract overloading. So you always lift your vehicle safely.

Advice: Always put the vehicle on the hand brake before you start working and use the jack in combination with an axle support for your own safety

Extra information

Item number	V1651004	
Model	1651004	
EAN	8004878013478	
Article group	HUVEMA Webshop Machines & Equipment	
Brand	Valex	
Features	Lift capacity	2000 kg
	Minimum height	168 mm
	Maximum height	316 mm
