

Work gloves yellow size 10

Description

Strong work glove made of cow leather, comfortably lined with cotton. An additional protective strip made of cowhide leather has been applied to the back. These sturdy work gloves are multifunctional and offer good protection against sharp and abrasive materials. They are suitable for various activities in, for example, building and construction, industry, metalworking, shipping, transport and logistics, road and hydraulic engineering, infrastructure, in and around the house and general work. The work gloves offer a good grip in both wet and dry conditions and have excellent abrasion resistance. These work gloves are performed in accordance with EN388 & EN420 standard.
