

2Ah battery and 1.7A charger

Description

2Ah battery and 1.7A charger.

The Valex One All Battery and Charger Set 1997427 is the essential accessory for working immediately and fully functional with all cordless tools from the One All range; it consists of 1 x 18V lithium-ion 2.0 Ah battery and 1.7A charger.

The 2.0 Ah battery pack ensures excellent performance in all types of use, especially where more power and continuity is required; the charger enables all 18V batteries to be recharged from 1.5A up to 4.0A with different but very fast charging times.
