

Accu pruning shears without battery and charger

Description

The Valex SHEAR168 battery pruning shears are ideal for cutting and trimming small branches up to a maximum thickness of 25 mm, without connecting to the mains. The pruning shears have an ergonomic and functional design, are easy to use and extremely safe.

The secateurs come complete with 2 x 16.8V 2.5 Ah lithium batteries and battery charger, allowing you to perform almost 3500 cuts on green wood of Ø 15 mm.

The cutting system and well-sharpened blades ensure precise, clean cuts and feature a safety sensor that stops movement if the blades come into contact with fingers; pressing the trigger for 2 consecutive seconds closes the blades.

The Valex SHEAR168 pruning shears come in a handy heavy plastic case with clear compartments.

?Max. cutting capacity: 25 mm on green branches

?3 selectable cutting widths, narrow, medium, wide

?Finger sensor can be switched off: stops cutting when fingers touch the blade

?Replaceable blade

?Battery and charger included
