# Work table mobile

## Description

---

This mobile workbench from Huvema is ideal for performing work, both at a fixed location and mobile. Widely used in industry, workshops, etc. The drawers open quietly and easily thanks to ball bearings. The drawers can be pulled out up to 98%, making it easy to grab and store various products in the back of the cabinet. Each drawer has a maximum load capacity of 80 kg, with central locking. This European-made workbench is very robust due to its 1.2 mm welded steelwork with reinforcement points on all 4 corners, including the powder coat finish for optimum strength.
