

Mini air angle grinder

Description

This pneumatic mini air angle grinder is lightweight and compact. The pencil type grinder with a 30 mm cup grinding wheel, is ideal for surface grinding and polishing in small, tight areas. The tool has a maximum free speed of 22000 rpm for precise control in various tasks. The ergonomic design gives the user optimal control. The lightweight grinder is compact and therefore very manageable. For more user comfort, this angle grinder is also low in vibration and noise. The grinder is used for small-scale sanding and deburring work on various shapes and materials such as machining steel, nonferrous metal, glass, ceramics, but also wood.

Extra information

Item number	21111010	
Model	PS 022-SH	
EAN	8718242560566	
Article group	TCE Machines, Lubricants & Accessories	
Brand	TCE	
Features	Speed	22000 rpm
	Air inlet	1/4 °
	Air consumption	0,21 m³/min
	Air pressure	6,2 bar
	Air hose diameter	5 mm
	Diameter range	30 mm
	Length	136 mm
	Damped vibration	< 2,5 m/s²
	Sound level	83 dB(A)
	Weight	0,54 kg
Article group code	1990227
