

Safety helmet

Description

This industrial safety helmet provides optimal protection against head injuries caused by impacts or falling objects. Not only suitable for use on the construction site, but also in places where work is carried out with a forklift and in production plants. Moreover, the dielectric helmet also offers protection when working where electrical risks may exist. This durable well-ventilated helmet is made of a sturdy thermoplastic ABS material. The inside of the helmet features a harness, which is attached at 6 points. The headband is adjustable in sizes ranging from 56 to 63 centimetres.

- Head protection and superior comfort
- Electrically insulated at 440V AC
- Weatherproof from -30°C to +50°C
- Adjustable from 53 to 63 centimetres
- PPE category 3
- ABS plastic
- 6 fixation points on the inside
- Venting
- With rain gutter
- In compliance with standard EN397
- The helmet has a minimum durability of 5 years from date of manufacture

Extra information

Item number	V1453535	
Model	1453535	
EAN	8004878666209	
Article group	HUVEMA Webshop Machines & Equipment	
Brand	Valex	
Features	Standard	EN 397
	Material	ABS
	Size	53-63 cm
Article group code	1983896
