

Professional bench drilling machine 16 mm - 230V

Description

The HU 16-2 NG Topline is a very comprehensive table drilling machine for the professional user. This 16 mm V-belt driven table drilling machine is fully equipped according to the latest CE standards. This assures the user of pleasant and safe use. Are you looking for an accurate drilling machine that is easy to use and yet has a wide range of possibilities? Then look no further!

The HU 16 NG-2 Topline is equipped with a work light to better illuminate your workpiece, an easily adjustable drilling depth and an easily adjustable work table. The work table can be turned both horizontally and vertically and can also be swivelled around the column. The table has a cross of the t-slots, which makes it possible to use almost all clamps! With the motor's tensioning lever, you can easily release the V-belts from their tension, allowing you to quickly replace or reposition them. With the wide speed range of the V-belts, you can easily drill into various materials with corresponding drill diameters up to 16 mm. Finally, this machine is of course equipped with an emergency stop and protective caps.
