

Polypropylene swivel castor Ø30mm with mounting plate

Description

This versatile swivel castor has a polypropylene running surface and is excellent for applications on flat surfaces. The high rigidity of polypropylene makes this type of wheel very suitable for static applications under high loads. This material is also well suited for use in an industrial environment. The swivel castor is fitted with a perforated mounting plate that allows easy fixing of the wheel with 4 bolts.

The steel of the swivel castor has an electrogalvanized finish. This swivel castor has a non-marking PP tread and a diameter of 30 mm. The load capacity of this castor is 15 kg.

Features:

- Non-streaky running surface
- Economical
- Load capacity per wheel : 15 kg.
- Plate bore Ø 4.1 mm
- Plate L x W : 38x32 mm
- Resistant to oxidation
- Housing made of high-grade galvanised steel
- Construction height: 37 mm

Extra information

Item number	V1500255
Model	1500255
EAN	8004878684654
Article group	HUVEMA Webshop Machines & Apparatuur
Brand	Valex
Features	Diameter wheel 30 mm
Article group code	2163428
