

Shield 300h 200mm with safety microswitch

Description

This protective cap is completely transparent, for optimal ease of use. The protective cap consists of monolithic plastic. This protective cap protects the user against the release of the claws and the workpiece. But it also prevents the machine from turning with the key in the chuck. At the same time, the protective cover offers protection against cooling oil and metal chips. The protective cap is equipped with a safety switch.

Properties:

Universal mounting plate with mounting holes.

Safety switch, equipped with 2 NC contacts, positively operated.

Universal clamp, so that the protective cap over the tube can be moved and fixed at any desired position.

Heavy duty monolithic plastic.

Shock and cooling oil resistant.

Extra information

Item number	40332	
Model	BVPTO 01/400	
EAN	8718242062213	
CBS Statistics number	84669300	
Article group	K29 - Safety, PPE	
Brand	TECNOPIU	
Features	Code	PTO 01/400
	Dimension A	400 mm
	Dimension B	235 mm
	Dimension C	230 mm
	Dimension D	0-150 mm
	Weight	4,1 kg
Article group code	1373155
