

Base univeral

Description

The OS UNI-3 is a work table that is very suitable for use as a base unit. Ideal for e.g. table drilling machines, milling machines or small saws. In addition, it can also be used as a universal work table, compact but very solid due to its heavy finish.

The two drawers each have a load capacity of 80 kg and are supplied with drawer dividers and a foam base for extra grip. Handy for storing your materials in an organised way. The work table is made of 1.2 mm thick powder coated steel, very solid and suitable for heavy loads. Finished with feet against scratches on the work floor and a possible height adjustment of 10 cm.

Features:

- Drawers with ball bearing guide
- With metal inlays
- With foam bottom layer for extra grip
- Plastic inlays available
- 1.2 mm steel thickness
- Powder coated finish
- Equipped with central locking
- Adjustable height
- MDF worktop
- European quality
