

Huvema Column drilling machine

Professional v-belt driven drilling machine, it has powerful, smooth and precise operation. Equipped with 2 speed left and right motor, adjustable depth stop, cooling table with cooling unit integrated in the base. It is supplied with a quick-acting drill chuck and machine light, plus the table can be tilted. The auto stop switch is activated when the v-belt cover is opened. This machine is suited for continuous production up to 40 mm. Unique Huvema design for over 25 years!

- ▶ quick-acting drill chuck 16 mm
- ▶ machine stops when drill chuck cover is opened
- ▶ depth stop
- ▶ autostop switch when opening v-belt cover
- ▶ low noise motor
- ▶ rotating and tilting table
- ▶ adjustable table height
- ▶ softgrips
- ▶ machine suited for continuous production
- ▶ with 2 speed motor
- ▶ equipped with machine light
- ▶ left and right run
- ▶ eccentric v-belt tension adjustment
- ▶ protective cover according to CE guidelines
- ▶ including safety glasses and ear protection (CE)

Specifications

Drilling capacity	40mm
Spindle taper	MT4
Drilling depth	100mm
Number of speeds	8
Spindle speed range	105 - 1257rpm
Column diameter	95mm
Distance spindle-column	220mm
Table dimensions l x w	320 x 400mm
Base dimensions l x w	390 x 650mm
Packaging dimensions l x w x h	2040 x 1030 x 600mm
Net weight	300kg
Motor power	1,8kW
Voltage	400V

Drilling capacity 40mm
